Dear Ms. Sheppard-Johnson:

TechLaw has completed a mailing for the Chemical Recovery Systems site. This mailing is part of TechLaw's on-going letter mailing and tracking effort specified in a Task Order (TO) Form received from the U.S. EPA on March 3, 2001.

Per direction received from EPA during a technical meeting on October 23, 2002, TechLaw completed certified mailings for delivery to the EPA Mail Center. The mailings were delivered on November 4, 2002 and consist of a General Notice / 104(e) mailing to Mobay Chemical and Technical Coatings. TechLaw also created evidence/nexus files for the abovementioned potentially responsible parties for inclusion in their GN / 104(e) mailing.

Please feel free to contact me at (312) 345-8967 once you have reviewed this deliverable or if you have any questions.

Sincerely,

Mr. William Hopkins  
Task Order Manager
